Spot 127

Publication and Production class is participating in training sessions at Spot 127 once a month during 3rd Period. The Yearbook Club will also be attending training sessions Fridays after school beginning Oct. 6th. Spot 127 is a youth media center where students can learn hands-on training in digital photography, video and audio production. Students also have the opportunity to have their work aired on KJZZ and published on the station's website. In addition to technical skills, students gain critical leadership and 21st-century career skills to put them on a path to higher education and lifelong success. All we need to bring are our ideas; Spot 127 has the latest equipment to help the Publication and Production class with various projects.

September Advisory Winners

Last month, the Marie Curie Advisory Team won a free "Dress Down" day for their "Random Acts of Kindness" toward teachers and students.

Humans of GLAAZ

Danette Adame has been leading the effort to contact Arizona U.S. Representatives regarding the future of the DACA program. She has personally spoken to U.S. Representative Ruben Gallego, who is in favor of DACA. She also appealed to U.S. Representative Trent Franks, who opposes the program. Danette urges everyone to call our Representatives to help save DACA.

National Honor Society

GLAAZ is starting its own chapter of The National Honor Society or NHS. Candidates with an impressive GPA and outstanding character have been invited to apply for this school year. In order to qualify for NHS, Sophomores will need a minimum GPA of 3.6, Juniors a 3.5 and Seniors a 3.4. In addition, the principles of character, scholarship, leadership, and community service will be stressed.

“Never give up, be determined, and follow your dreams, because that’s what we are; we are **DREAMERS!**”
Danette Adame, Senior.
